

Manhattan Vacation Rental Market

REPORT DATE	COMPANY NAME	PREPARED BY
01/13/2026	Vacation Rental	Hai T Le

EXECUTIVE SUMMARY

Investment strategy followed by location and property size.
Evaluated the total and proportional revenue to identify the high-performance zones of the vacation rental market in Manhattan.
Potential neighborhoods are focused on Lower East Side, Hells Kitchen, Harlem, Midtown based on review volume.
Confirmed 1-bedroom units as the dominant and most popular property size across all analyzed neighborhoods.

INSIGHTS AND RECOMMENDATIONS

Insights

The Lower East Side, Hells Kitchen and Harlem are the three most attractive neighborhoods in Manhattan.
The Lower East Side neighborhoods shows particularly high engagement from travelers specifically looking to explore the Chinatown district.
High-density review areas are concentrated around major landmarks, including Times Square, Koreatown (K-Town), and Central Park, signaling peak market activity.

Recommendation

Perform a deeper dive into the top four neighborhoods to narrow down the highest-yield streets or blocks before capital deployment.
Incorporate review score data into future analyses to gain a deeper understanding of customer satisfaction and evolving demand patterns.

INSIGHT AND RECOMMENDATION

Insights

Evaluated property size potential across Manhattan's top 10 most attractive neighborhoods to identify high-yield investment opportunities.

Recommendations

Diversify the investment portfolio across Studio, 1-bedroom, and 2-bedroom units to cater to a wider range of guest demographics.
1-bedroom properties represent the highest market demand across most areas, a multi-size strategy ensures maximum occupancy across different traveler group sizes.

INSIGHT AND RECOMMENDATION

Insights

Analyzed Airbnb revenue across the top 10 Manhattan neighborhoods to identify high-value zones. Lower East Side, Hell's Kitchen, Harlem, and Midtown emerged as the primary revenue drivers. These top four locations alone account for over 42% of total market revenue, generating a combined \$6,884,848.

Recommendations

Lower East Side, Hells Kitchen, Harlem and Midtown are the primary locations for initial capital deployment. Perform a deep dive into traveler types and generations before finalizing property designs to maximize appeal and occupancy rates.

Revenue Report

CONCLUSION

Investing in Studio, 1 bedroom, 2 bedrooms, 3 bedrooms property size to capture a broad range of customer segments and group sizes. Prioritize 1-bedroom properties in Lower East Side, Hell's Kitchen, Midtown, and Harlem to capitalize on the strongest geographic demand. Perform deep-dive micro-market analysis in these four key areas to narrow down the best specific investment opportunities.
